

Al-Khair Boys' Secondary School

109-117 Cherry Orchard Road, Croydon, Surrey, CR0 6BE

Inspection dates

11 September 2019

Overall outcome

The school meets all of the independent school standards that were checked during this inspection

Main inspection findings

Part 1. Quality of education provided

Paragraph 3, 3(j)

- The inspection in January 2019, when Al-Khair was a mixed school, found that boys and girls did not have opportunities to work and socialise together. Leaders segregated pupils by sex without legal justification, which was in breach of the Equality Act 2010.
- Since September 2019, the school has provided education solely for secondary-age boys. Leaders organise opportunities for boys at the school to take part in joint events and activities with pupils at the girls' secondary school. This inspection found that leaders are actively helping to prepare pupils for the next steps in their education and to broaden their outlook beyond life at school.
- This inspection of the boys' secondary school finds that unlawful segregation by sex no longer applies.
- Leaders have ensured that this standard is now met.

Part 3. Welfare, health and safety of pupils

Paragraph 7, 7(a), 7(b)

- The January 2019 inspection found that leaders did not take appropriate steps to vet the suitability of visitors to the school.
- Leaders have drawn upon external support productively to improve the overall quality of safeguarding training in the school and ensure that their own training is up to date. Staff know how to apply safeguarding guidance to their day-to-day responsibilities in school. The school's safeguarding policy and procedures reflect current requirements. Leaders have made sure that appropriate processes are in place so that staff check the suitability of visitors to the school.
- Leaders apply their safeguarding training to the context of the school. Staff are aware of, and alert to, local risks for the pupils. Staff know what to do if they have any concerns.
- Leaders have ensured that this standard is now met.

Part 4. Suitability of staff, supply staff, and proprietors

Paragraph 19(2), 19(2)(a)(i)(cc), 19(2)(c)

Paragraph 21(5), 21(5)(a)(i)

- The inspection in January 2019 found that leaders did not follow statutory guidance on the safer recruitment of staff. They did not carry out all the essential pre-employment checks on the suitability of those employed to work in the school. Records of the checks made were not recorded systematically.
- Leaders know the current requirements for safer recruitment. They thoroughly assess the suitability of those they are considering for employment. Leaders pursue references and overseas checks diligently. They make additional checks beyond the statutory requirements. Processes to review the suitability of staff, including supply staff, are thorough and fit for purpose.
- Leaders have made sure that administration of the record of pre-employment checks complies with requirements and is well-organised.
- Leaders have ensured that this standard is now met.

Part 8. Quality of leadership in and management of schools

Paragraph 34(1), 34(1)(a), 34(1)(b), 34(1)(c)

- The previous inspection found that leaders had not ensured that all the independent school standards (ISS) were met.
- On this inspection, leaders showed that they have made the necessary improvements. They have ensured that the previously unmet ISS are now met and demonstrated the skills and knowledge required for their roles.
- Safeguarding policy and practice in the school clearly promote pupils' well-being as a priority for all staff.
- Leaders have fulfilled, to date, their intended actions, stipulated in their post-inspection action plan.
- Governors have been appointed and their first meeting, when the chair will be elected, is due to take place before the end of September 2019.
- Leaders have ensured that this standard is now met.
