### Aims

Our curriculum aims to provide a holistic education which comprises both Islamic Studies as well as the National Curriculum from Early Years to Key Stage 2. It is through this mission that the schools' vision stands firm; to be dedicated in helping our students achieve excellence in education within a caring and secure Islamic environment. Our school motto "Balance without compromise," is a key factor in which our students strive to become active and positive members of the community. Al Khair Prep School is not limited to:

- Provide a broad and balanced education for all pupils
- Enable pupils to develop knowledge, understand concepts and acquire skills, and be able to choose and apply these in relevant situations
- Support pupils' spiritual, moral, social and cultural development
- Support pupils' physical development and responsibility for their own health, and enable them to be active
- Promote a positive attitude towards learning
- Ensure equal access to learning, with high expectations for every pupil and appropriate levels of challenge and support

This document sets the framework in which Al-Khair Prep School is based upon. It covers the subjects offered as well as the extra-curricular planning that the school believes in, to promote individual and global citizenship.

### **The National Curriculum:**

In this section, an outline is briefly sketched highlighting the subjects taught at each key stage, as well as, the different approaches and mannerism in which topics and themes are introduced at each ascending key stage. It is hoped through this systematic plan that the students acquire good language skills, excellence within the different subjects, and most importantly confidence and the development of a healthy and balanced personality. The emphasis when designing the curriculum for each phase is placed on the INTENT, IMPLEMENTATION and IMPACT.

### **Roles and responsibilities**

#### **Head teacher**

The head teacher is responsible for ensuring that this policy is adhered to, and that:
