

Al-Khair Secondary Schools

PSHE & SRE Policy

Approved by: Al Khair School Governing Board (GB) **Date:** September 2022

Next review date 30.09.2023

Our Vision Al-Khair is a unique and pioneering Islamic school not only in the UK but throughout the world. Our primary aim at Al-Khair is to achieve **excellence in education** for your child within a cultivating, caring and secure **Islamic environment** whilst still producing well balanced, confident and articulate individuals, who will better their communities and world.

Personal, Social and Health Education

Personal, social and health education (PSHE) and citizenship enables children to become healthy, independent and responsible members of society. We encourage our pupils to play a positive role in contributing to the life of the school and the wider community. In so doing we help develop their sense of self-worth. We teach them how society is organised and governed. We teach them about rights and responsibilities. They learn to appreciate what it means to be a positive member of a diverse multicultural society.

The aims of personal, social and health education and citizenship are to enable the children to:

know and understand what constitutes a healthy lifestyle; be aware of safety issues; understand what makes for good relationships with others; have respect for others; be independent and responsible members of the school community; be positive and active members of a democratic society; develop self-confidence and self-esteem, and make informed choices regarding personal and social issues; Develop good relationships with other members of the school and the wider community.

We encourage the children to take part in a range of practical activities that promote active citizenship, e.g. charity fundraising, the planning of school special events such as an assembly or open evening, or involvement in an activity to help other individuals or groups less fortunate than themselves. We organise classes in such a way that pupils are able to set agreed classroom rules of behaviour. We offer children the opportunity to hear visiting speakers, such as health workers, police, and other established representatives whom we invite into the school to talk about their role in creating a positive and supportive local community.

1. Aims

The aims of relationships and sex education (RSE) at our school are to:

Provide a framework in which sensitive discussions can take place

Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene

Help pupils develop feelings of self-respect, confidence and empathy

Create a positive culture around issues of sexuality and relationships

Teach pupils the correct vocabulary to describe themselves and their bodies

2. Statutory requirements

In teaching RSE, we must have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

At Al-Khair School we teach RSE as set out in this policy.

3. Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – a member of staff or working group pulled together all relevant information including relevant national and local guidance

2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder consultation – parents and any interested parties were invited to attend a meeting about the policy
4. Pupil consultation – we investigated what exactly pupils want from their RSE
5. Ratification – once amendments were made, the policy was shared with governors and ratified

4. Definition

RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information, and exploring issues and values.

RSE is not about the promotion of sexual activity.

5. Curriculum

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, pupils and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

6. Delivery of RSE

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

Our PSHE teacher is trained in how to deliver SRE lessons.

RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds including:

Families

Respectful relationships, including friendships

Online and media

Being safe

Intimate and sexual relationships, including sexual health

For more information about our RSE curriculum, see Appendices 1

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

7. Roles and responsibilities

7.1 The governing board

The governing board will approve the RSE policy, and hold the headteacher to account for its implementation.

7.2 The headteacher

The headteacher is responsible for ensuring that RSE is taught consistently across the school.

7.3 Staff

Staff are responsible for:

Delivering RSE in a sensitive way

Modelling positive attitudes to RSE

Monitoring progress

Responding to the needs of individual pupils

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the headteacher.

7.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

8. Parents' right to withdraw

Parents have the right to withdraw their children from the [non-statutory/non-science] components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher.

A copy of withdrawal requests will be placed in the pupil's educational record. The headteacher will discuss the request with parents and take appropriate action.

Alternative work will be given to pupils who are withdrawn from sex education.

9. Training

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

10. Monitoring arrangements

The delivery of RSE is monitored by the head teacher through:

Insert details of monitoring arrangements, such as planning scrutinies, learning walks, etc.

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by the head teacher. At every review, the policy will be approved by the governing board..
